

When We Sing – Stuart Overington

VERSE 1

When the days are getting colder and darker
And it feels like there is no end in sight
I know there is a way that I can find a new light, when I sing

VERSE 2

When my work is getting harder and harder
And I feel like I'm falling apart
I know there is a place where I can lift up my heart, when I sing

BRIDGE

Through the years we have sung so many songs
Come together found a place where we belong
With each new line we find the music lets us shine

CHORUS

And our song will lift over the noise
As we stand united in one strong voice
Knowing nothing can stop us or bring us down
When we sing, when we sing, when we sing

VERSE 3

When we join all our voices together
Stand united by each other's side
We know there is a strength and a power inside when we sing

BRIDGE

Through the years we have sung so many songs
Come together found a place where we belong
With each new line we find the music lets us shine

Words continue over the page...

CHORUS

And our song will lift over the noise
As we stand united in one strong voice
Knowing nothing can stop us or bring us down
When we sing, when we sing, when we sing

TAG

Hear our celebration it is the sound of jubilation
No one can stop us nothing break us
We found our voice and we'll keep singing on!

CHORUS

And our song will lift over the noise
As we stand united in one strong voice
Knowing nothing can stop us or bring us down
When we sing, when we sing, when we sing
